

# Are you a small or medium sized organization?

Do you have problems in maintaining your employee data?

Does your staff manually record their attendance?

Do you feel frustrated at times with the way the staff take you for granted as it is difficult to maintain their leave data?

Do you have difficulties in leave management and approval?

Do you wonder what your employee has done during the week, in the absence of any tracking system?

Do you have employees who keep travelling on work and they find it difficult to report their progress / work done to managers?

Have you thought that good management reports would have helped you to spend less time in analysing various data?

Well, Krania® might be the one you are looking for.

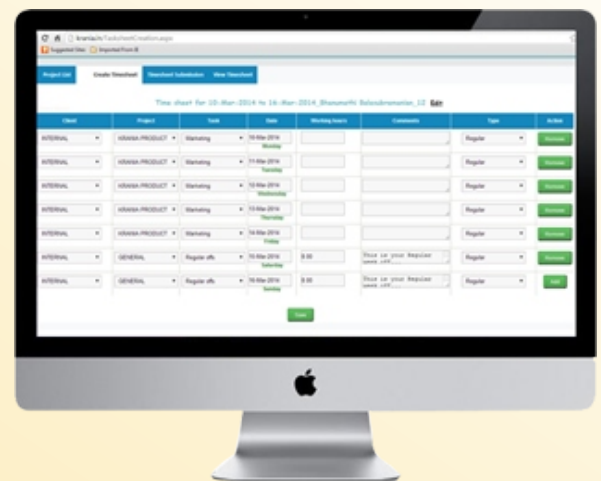

## Welcome to Krania®!

Krania is a web-based HR maintenance and tracking system that allows small and medium organizations to maintain the employee information, leave management, track and approve the timesheets of their consultants, download reports etc.

- Main features of Krania® are:
- Core HR
- Employee management
- Document management
- Employee Self service
- Attendance
- Leave management
- Project management
- Timesheet management
- Reports

Since it is available on the web, your employees can login from anywhere across the world to submit their time sheet or leave application.

And it is simple, easy to use, and cost effective.
